* Paper and Felt Pen levies provide the teacher with funds to purchase coloured pens, pencils, paper and card. These levies are reduced as the school year passes. If your child starts part way throughout the year, the payment equals the column in the term your child starts. For example, if your child starts in term 3, the total owing comes to \$19.50.

Stationery packs contain all that your child requires. These packs are pre-made by our stationery provider and the prices are very competitive, so we can pass the savings on to parents.

Wakari School does not have EFTPOS or credit card facilities. Thanks.
